Dear Parents/Carers,

Re: Home Learning at Dixons Croxteth

I am writing to confirm that all Home Learning activities will go live upon our return from the October half term.

Students are continuing with electronic log-in induction and will have full access to all learning platforms outlined below.

We have been testing the systems and found some students have been unable to access the platforms. Please rest assured that no corrections have been issued while we tested the systems.

All students will be issued with a school log in which will allow them to access Seneca and Sparx Maths.

Sparx Maths

How to Login for the First Time

- Go to Sparx Maths website and choose student login
- Select 'Dixons Croxteth Academy' from the school list
- When the login page appears, click 'New Sparx User' at the bottom
- Students fill in their details
- Their username will appear usually in the form *forenamesurname*
- Student creates their own password

Please ensure we have an update email address, as pupil accounts will automatically link to carer's accounts, and you will receive weekly updates.

Seneca

How to Login

- Go to the Seneca website.
- Students use their school log in
- The password for all students is Password1

Click this link to go to the Seneca Learning website: <https://senecalearning.com/en-GB/>

Parent account guidance:

How to sign up to Seneca as a parent

<https://help.senecalearning.com/en/articles/3661316-how-to-sign-up-to-seneca-as-a-parent>

A reminder that we have two Home Learning Parental drop-in sessions planned:

- **Wednesday 2nd October, 4:00pm – 5:00pm**
- **Wednesday 6th November 4:00pm – 5:00pm**

The sessions will be designed to explain each type of Homework and will also offer parents/carers assistance signing up for Seneca and emails from Sparx Maths.

In the meantime, if you have any questions, please do not hesitate to contact me.

Yours sincerely,

Anish Morgan
Vice Principal
